ABOUT US

At GeriatRx, we optimize medication regimens to enhance your loved one's health and quality of life, providing peace of mind for your family.

MAYBE IT'S YOUR MEDICATIONS?

Over 40% of older adults take 5+ prescription medications, triple the rate from 20 years ago. At GeriatRx, we aim to change that and help manage multiple medications.

HERE'S HOW WE CAN ASSIST YOU OR YOUR LOVED ONE:

Comprehensive Consultations

We review current medications to identify concerns and areas for improvement..

Precision Medicine Analysis

Using advanced pharmacogenomics testing, we tailor treatments to your loved one's unique genetic profile.

Ongoing Support

We provide ongoing support and monitoring to ensure the best outcomes for your loved one.

Safety and Efficacy

We prioritize safety and effectiveness, ensuring your loved one receives the best care.

Side Effect Management

Using the latest in pharmacogenomics, we offer personalized solutions tailored to your loved one's genetic makeup.

Patient-Centered Care

We focus on the individual needs and preferences of your senior family member.
